DETAILED ACTION

Response to Amendment

1. This action is in response to the communication filed on March 18, 2008.
2. Claims 2, 5-9, 12-16 and 19-22 are pending in this action. Claims 2, 5, 9, 12-16 and 19-21 are currently amended. Claims 1, 3, 4, 10, 11, 17 and 18 have been canceled.

Allowable Subject Matter

3. Claims 2, 5-9, 12-16 and 19-22 are allowed over the prior art of record.
4. The following is an examiner's statement of reasons for allowance: As per independent claims 2, 9, and 16 teaches a data reproducing device/method for reproducing compressed multimedia data, including audio data which are MPEG audio data and also converting reproducing speed without decoding compressed audio data. The prior art of record fails to teach or fairly suggest the claimed combinations of features. Prior art of record fails to teach or fairly suggest particularly in combination with other features, a speed conversion unit comparing the calculation result of the calculation unit with a prescribed threshold value, judging to be a sound section frame if the calculation result is larger than the threshold value and, if a sound section frame is judged, speed converting the extracted frame by thinning out the extracted frame or repeatedly outputting the extracted frame. Regarding close prior art of record, Taniguchi et al. teach, an audio reproducing apparatus, however Taniguchi fails to teach calculation unit with a prescribed threshold value, judging to be a sound section frame if

the calculation result is larger than the threshold value and, if a sound section frame is judged, speed converting the extracted frame by thinning out the extracted frame or repeatedly outputting the extracted frame. Therefore, claims are allowed over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
